We'd like to say making awesome sandwiches runs in our family as we started out at Big E's as children over 20 years ago working with our parents at their deli where they served amazing sandwiches which eventually led to the creation of **Fatboy's Deli & Spirits!**

We strive to bring you the most delicious sandwiches with our signature **Boar's Head** meat and cheeses, fresh ingredients prepared daily alongside our amazing service to help create the perfect sandwich. We make our customers feel right at home from the time they walk in the door to the last bite of their sandwich being finished, always going the extra mile to ensure that every bite retains all the awesome deliciousness so you leave with a smile on your face and a happy stomach.
